Press Release (Pakistan Medical & Dental Council)

President PM&DC attends the 15th Annual Conference on Medical Regulation

The President of the Pakistan Medical and Dental Council (PM&DC) Dr. Rizwan Taj took center stage at the 15th Annual Conference on Medical Regulation held in Bali. The esteemed gathering, a premier event in the medical community, brought together regulatory leaders, healthcare professionals, and experts to deliberate on critical issues shaping the landscape of medical regulation.

The conference, a pivotal platform for sharing insights and fostering collaboration, featured a diverse range of discussions, workshops, and presentations. President PM&DC Dr. Rizwan Taj actively participated in various sessions, contributing valuable perspectives on the challenges and opportunities facing medical regulation in Pakistan.

President PM&DC, in his discussion emphasized regarding the importance of effective regulation in ensuring the highest standards of healthcare delivery. He emphasized the need for continuous advancements in regulatory frameworks to keep pace with the evolving landscape of medical science and technology.

Throughout the conference, President PM&DC engaged in dialogues with international counterparts, fostering global cooperation in addressing shared regulatory challenges. The exchange of ideas and best practices is expected to enhance the PM&DC's commitment to safeguarding public health and upholding professional standards in the medical field.

The President's active involvement in the conference played a pivotal role in organizing and participating in panel discussions, workshops, and networking sessions. The event served as a platform for the delegation to showcase Pakistan's achievements in medical regulation and learn from global experiences.

The 15th Annual Conference on Medical Regulation reaffirms PM&DC's dedication to staying at the forefront of advancements in medical regulation. By actively participating in such forums, the council demonstrates its commitment to fostering a regulatory environment that ensures the highest quality of healthcare for the people of Pakistan.
