

PM&DC President Visits AFPGMI, Briefed on Academic and Training Activities

Islamabad, Sept 7, 2026: Pakistan Medical & Dental Council (PM&DC) President Prof. Dr. Rizwan Taj visited the Armed Forces Post Graduate Medical Institute (AFPGMI) on Monday and was briefed on the institute's academic, training and public health activities.

The PM&DC President was received at the Administrative Block by the Commandant, Deputy Commandant and Director Training, and held an interaction with the Commandant.

The President was subsequently given a briefing on the institute's academic and training structure at the MCR Administrative Block, which was attended by senior officers and heads of departments. An interactive session with faculty members followed the briefing.

Prof Dr Rizwan Taj also visited the Faruki Auditorium and MBS Library, where he was briefed on the facilities and their role in supporting academic activities.

During his visit to the Training Wing, the PM&DC president interacted with faculty and MSc students.

At the Department of Public Health, he received a briefing on the department's activities and witnessed a demonstration of the Disease Early Warning System (DEWS) dashboard.

The visit concluded with Prof. Dr. Rizwan Taj recorded his remarks in the visitors' book. The Commandant later presented him with a souvenir before his departure.
